How to find your lamp

1. Find your projector model in the A to Z index below (click a letter to jump to it).
2. Note the lamp type and the lamp part numbers shown beside your model.
3. Click your model to open its lamp page, check the price, and order.

Module means the lamp comes in its housing, ready to install. **Bare lamp** means the bulb only, without the housing. Lamp part numbers are the manufacturer and equivalent numbers used to cross-check the right lamp. Prices and stock are always shown on the website.
